**INTERNATIONAL FINANCIAL REPORTING STANDARD (IFRS) 17 IMPLEMENTATION
ROADMAP**

1. As you may be aware, the International Accounting Standard Board (IASB) issued International Financial Reporting Standard (IFRS) 17 with effective date of 1 January 2023, whose thrust is to guide insurers on accounting of insurance contracts.
2. To ensure coordinated approach to IFRS 17 implementation, the Commission constituted a Working Group to spearhead the planning and preparing work needed for successful and effective implementation of the standard.
3. Members of the working group have largely been drawn from industry associations, accounting and actuarial professional bodies.
4. The Working Party carried out a survey to assess readiness of the industry to implement the standard and the final survey report is attached.
5. All insurers are required to submit their detailed IFRS 17 implementation roadmap by the 31 January 2022. The roadmap must broadly include key milestones, timelines, challenges and mitigating strategies.
6. The Commission looks forward to your usual cooperation as we continue with the journey towards implementation of the standard.
7. The Commission remains available to provide the necessary support and guidance, hence insurers may contact our actuarial team on

actuarial@ipec.co.zw should a need for assistance/clarification arise.
8. Please be guided accordingly.

Yours sincerely,

Grace Muradzikwa

COMMISSIONER OF INSURANCE, PENSION AND PROVIDENT FUNDS
