**ANTI-MONEY LAUNDERING AND COMBATING THE FINANCING OF TERRORISM
(AML/CFT) QUARTERLY RETURN TEMPLATE**

1. The Insurance and Pensions Commission is required in terms of the Money Laundering and Proceeds of Crime Act [Chapter 9:24], to coordinate with Financial Intelligence Unit (FIU) in the assessment of the money laundering and terrorist financing risks to which the country is exposed.
2. The Commission is therefore required to:-
 - a) identify and assess the money laundering and terrorist financing risks associated with all types of legal persons created or operating in the industry; and
 - b) identify and assess the money laundering and terrorist financing risks that may arise in relation to new products and new business practices, including new delivery mechanisms, and the use of new or developing technologies for both new and pre-existing products.

3. To this end, the Commission has developed a quarterly return template to enable the collation of data useful for conducting a sectoral risk assessment and offsite surveillance.
4. All Insurance and Pensions industry players are therefore required to complete the attached template and return it to the Commission by no later than 30 January 2022 through actuarial@ipec.co.zw. Initial data to be submitted covers the period 01 January 2021 to 31 December 2021.
5. Going forward, all insurance companies and pension funds are required to submit the completed return template to the Commission within 21 days after the end of every quarter.
6. A virtual training workshop on completion of the AML-CFT quarterly template will be done on the 20th of January 2022 and all Anti Money Laundering compliance officers and other relevant staff will be required to attend.
7. The Commission is available to provide additional guidance and support should a need arise within individual companies or at an association level. It is imperative that the return be always submitted before the due date to enable timely production of assessment reports.
8. Be guided accordingly.

Yours sincerely
