CALL TO UPDATE INSTITUTIONAL RISK ASSESSMENTS

1. As you are aware, all financial institutions are required in terms of section 12B of the Money Laundering and Proceeds of Crime Act [Chapter 9:24], to assess money laundering and terrorist financing risks and institute necessary preventive measures. Institutional risk assessments should be done regularly whenever there are material changes in risk factors.
2. We hereby call on **ALL** industry players to update their ML/TF risk assessments as at 31 December 2022, and submit copies of their reports to the Commission on or before 28 January 2023 on actuarial@ipec.co.zw.
3. We wish to underscore the need for timely and detailed submissions of institutional risk assessments reports to enable production of the Commission's sectoral assessment. Entities can make use or modify the assessment guideline developed by the Commission, or their own risk assessment templates taking into consideration all material risk factors. We,

therefore, request that completed assessments templates be accompanied by a summary report on ML/TF risks and measures to mitigate identified risks, and any other details not fully captured by the template.

4. Failure to comply with the requirements of this circular will result in penalties being imposed on your entity.
5. Kindly contact the Commission should you require further clarification(s) regarding this circular.
6. Be guided accordingly.

Yours sincerely
