GUIDANCE PAPER IMPLEMENTATION: WAIVING OF PEER REVIEW AND JUNE VALUATIONS

1. According to section 28.3 of the Guideline for the Insurance and Pensions Industry on Adjusting Insurance and Pensions Values in Response to the Currency Reforms, "Guidance Paper" all submissions must be accompanied by the peer reviewing actuary's report as a way of enhancing quality assurance and compliance with the Guidance Paper.
2. Submissions over the last three years have shown significant improvement in the quality of work done by the revaluation actuaries, with peer reviewing actuaries certifying the work without significant changes.
3. This circular is therefore, amending section 28.3 of the Guidance Paper by removing the requirement for a peer reviewing actuary's report as part of the submissions. The circular also waives the requirement for June actuarial valuation with effect from 31 December 2021 valuations. The Commission encourages declaration of interim bonuses pending year-end valuations.
4. The fund and revaluation actuary remains responsible for ensuring that all submissions comply with the Guidance Paper. The Commission reserves the right to call for an independent peer review of the work at the fund's cost, should the initial submissions fail to meet the requirements.

5. For the avoidance of doubt, the rest of the Guidance Paper is still applicable.
6. Should you require any clarification on the issues above, you can contact the Commission.

Yours sincerely,

Grace Muradzikwa

COMMISSIONER OF INSURANCE, PENSION AND PROVIDENT FUNDS
