PREAMBLE

The Commissioner of Insurance is required in accordance with Section 70 of the Insurance Act [Chapter 24:07], to submit an Annual Report pertaining to the performance of the insurance industry. This report therefore reviews the performance of the insurance industry for the year ended 31st December 2010.

ECONOMIC OVERVIEW

In the year under review, economic stability driven by dollarization continued. The average level of inflation for the year 2010 was 6.1% up from the prior year figure of -7.7 %. In addition GDP growth was 8.1% up from 5.7 % in 2009. It is anticipated that the country will continue to experience growth which benefits all economic sectors including the insurance industry. If economic upturn continues to improve, more disposable incomes will give greater scope for insurance uptake.

Major sectors of the economy performed as follows:

<u>Sector</u>	<u>Year 2009</u>	<u>Year 2010</u>
Agriculture	34.9%	33.9%
Mining	8.5%	47%
Manufacturing	10.2%	2.7%
Tourism	6.5%	0.5%
Finance and Insurance	4.5%	0.5%

(Source: The 2011 Mid –Year Fiscal Policy Review Statement)

INSURANCE SECTOR OVERVIEW

A comparative analysis for registered companies for the years 2010 and 2009 is as follows:-

<u>Category</u>	Number of Players 2010	Number of Players 2009
Direct Short Term	27	31
Direct Life	9	9
Funeral Assurance	9	19
Reinsurers	10	12
Brokers	29	58

The table above shows a decrease in the market payers for short term, reinsurers and brokers. The Commission deregistered market players who failed to meet the minimum capital levels as prescribed in Statutory Instruments 183 of 2009 and 34 of 2010.

CORE ACTIVITIES OF THE COMMISSION IN THE YEAR 2010

Core activities mainly included the following:

- Enforcement of minimum capital requirements as per Statutory instruments 183 of 2009 and 34 of 2010
- Licencing
- Production of periodic reports on industry operations and developments
- Arbitration of disputes between players and the insuring public
- Conducting monthly and ad hoc liason meetings with industry

OFFENCES

As alluded to earlier some players failed to meet minimum capital thresholds and were deregistered in accordance with the law.

OVERALL COMMENTRY ON INDUSTRY STATISTICS FOR THE YEAR 2010

a)Combined Industry Gross Premium Volume

Industry gross premiums for the year 2010 amounted to US\$130,900,474,a 120% increase from the comparative period the previous year.(See Table 6)

b)Net Premium Income

Reported premium figures, net of reinsurance ,were in the sum of US\$100,826,971 as shown on Table 6.This implies industry retention capacity of 77%.

LIFE AND ANNUITY BUSINESS

a)Gross Premiums

Table 6 illustrates that life insurers generated US\$85million in gross premium income compared to US\$13.7million realized in 2009.This translates to a growth rate of 520% buoyed by improved economic environment since dollarization of our economy.

b)Net Premium Income

Life insurance companies realized US\$84million in net written premium culminating in an overall retention ratio of 99% compared to 90% attained in 2009.As a prudential measure,The Commission is encouraging industry players to embrace risk spread mechanisms through reinsurance given the liquidity crunch post dollarization era.

NON LIFE INSURANCE

a)Gross Premiums

The gross premium income for 2010 was \$100million up from \$45.9 in 2009. The industry's net retention was \$53,8million or 54% up from 37% recorded in 2009.(See Table 6)

b)Net Premium Income

Non-Life insurance companies realized US\$53,8million in net written premium.Overall retention ratio of 54% compared to 36% attained in 2009,suggesting strengthening balance sheets.

2009	31,042,804.00	-	-
2010	30,283,057.00	759,747.00	(2)

SUMMARY OF TOTAL INDUSTRY ASSETS (see Table 5)

The industry recorded total assets of US\$1, 06bn, a 352% rise from 2009 figures. This phenomenal growth was attributable to a recovering economic environment.

The rebound in industry assets signifies a recovering insurance industry with an improving capacity to pay better policy benefits thus restoring public confidence in the industry.

FUNERAL ASSURERS (See Table 8)

Gross premiums for Funeral Assurers were \$4,793,910 for 5 players with the remainder failing to submit their returns.

GENERAL COMMENTS

Following dollarization in 2009, the year under review saw several queries regarding this process giving credible reasons for an audit exercise to be prosecuted in the foreseeable future.

Conclusion

Going forward, The Commission expects this upward trend in industry performance to persist as capacity utilization, disposable incomes and investment returns improve.

Acknowledgement

I wish to express my appreciation for the help and co-operation between the Commissioner's Office and the insurance industry. Many thanks also go to my Colleagues both from my Office and the Ministry of Finance in general.
